EXPERIENCE

2019 – Present

Instructional Design Consultant

The Mosaic Company - San Ramon, CA

- Create user documentation and training materials for instructor-led training (ILT) and web-based training (WBT)
- Write learning objectives, create storyboards and course outlines, develop content working with subject-matter experts and existing documentation, and write course assessments
- Understand target audiences to assess needs and design course curriculums
- Effectively collaborate with subject matter experts, and project teams

2018 – 2019

Instructional Designer

John F. Kennedy University - Pleasant Hill, CA

- Collaborate with SMEs to write learning objectives, design interactive presentations and other learning materials for online courses
- Create content/presentations that accurately reflect course material, university standards/brand voice, and professor's teaching style

2017 – 2018

Graphic Design/Marketing Intern

Siggraph - Berkeley, CA

- Brainstorm ideas, create mock-ups and research target audience
- Offer solutions to the visual communication problems posed
